הנה קצב לדוגמה

עכשיו תצרו אחד משלכם!

טיפים ליצירת קצב:

1. כל סיבוב שלם של המנוע הוא שתי מכות של פטיש.
2. יש הבדל בין לשים פקודה אחת של "2", לבין שתי פקודות של "1". נסו למצוא את ההבדל בעצמכם
3. נסו לכוון את העיגולים הירוקים בשני המנועים לאותו כיוון - מה קרה?
4. מה לדעתכם יקרה אם נכוון את העיגולים הירוקים בשני המנועים לכיוונים מנוגדים? נסו ותגלו
5. מה לדעתכם יקרה אם נוציא מאחד המנועים עיגול ירוק אחד? נסו ותגלו
